

16*16 Horizontal & Vertical Bend Digital Flexible Neon Strip**Product Parameter:**

Neon size:	Top view 16×16
Beam Angel	120°
PCB width:	8MM
LED Type:	SMD5050 RGB LED
LED Chip:	WS2815/SK6812
LED QTY/M:	84leds
Voltage:	DC12V
Power/M:	20.16W/m
Package:	5M per roll or customized length
IP rated	IP68 one-piece molding

Product Description:

1. This product usually has 84leds per meter, WS2815 chip, single point single control, and of course the chip also can be changed;
2. This product adopts a special one-piece molding process, and the defect rate is relatively high. If it is used indoors, it is recommended to use IP20 non-waterproof process.
